

A review of "A Scriptural Haggadah... by Yocheved Bloomfield"

Phelan "PJ" Jones

What would it have been like to celebrate Passover/Pesach with Joshua and the Israelites when they first entered the Promised Land? There were no "traditions of man" at that time, just the pure Word of God and His instructions. Now, what would happen if we took that event forward, to the time of Yeshua's disciples celebrating their first Passover after Yeshua's resurrection? Imagine being there celebrating with them, knowing Yeshua was the True Passover Lamb! Now to that add all the richness of the Psalms and Prophets received since Joshua's time, along with the message and from Messiah Himself! Wow, what would that have been like?

You don't have to wonder, it's all right here in Yocheved Bloomfield's, "A Scriptural Haggadah for Believers in Messiah Y'Shua". And as believers in Yeshua as Messiah today, we can now step right into a time that has never existed before, a special time in which we are privileged to live, the time of the restoration of all things. With this guide, you can step into a Pesach celebration void of the traditions of man and enjoy the purity and fullness of the Word of God in your own Passover celebration using this Scriptural Haggadah. It is chocked full of all the pertinent verses and is far more than just a guide, it uses Scripture to teach the depth and reason for Passover and the stories behind it.

Add to that, preparation suggestions on doing your own family celebration and over 20 pages of delicious Pesach recipes and you have a complete Scriptural guidebook for your own family Pesach/Passover celebration, even if you have never done one before. This book will become the Haggadah reference book for those walking in the "restoration of all things", as it takes us back to the original understandings of the service in light of Messiah. It is highly recommended for Newbies and well as seasoned Israelites. This 89-page book is a delight to have as part of the restoration to the truth and power of the Word of Yah in our Pesach celebrations. Thank you Yocheved for all your work.

Shalom to all and Chag sameach Pesach,

Phelan "PJ" Jones
